

## New: Microsoft Partner Agreement

### What is this change?

From **1 September 2019**, the **Microsoft Partner Agreement** will come into effect. This is a simple, unified, digitally accepted partner agreement framework which supports data privacy, compliance and trusted business practices. We want our Synnex CSP Partners to be fully prepared, and will be prepping for this migration alongside you.

### What does this mean?

As a CSP reseller, you are required to accept this agreement on 1 September 2019 in order to continue transacting in the CSP program. **It is important to complete the steps listed below within the timeframe as it may affect your ability to transact CSP.**

### What steps do I take?

1

#### Starting today:

Onboard onto Microsoft's Partner Center if you have not done so. Sign up as an Indirect Reseller and identify your account with Synnex.

2

#### From 31 July 2019:

Review the terms of the Microsoft Partner Agreement. This will just be a preview.

3

#### On 1 September 2019:

Log into Partner Center as a global admin role and accept the new Partner Agreement.

Please download the Partner Center Guide and FAQs pdfs for more information:
