Epson's printer range offers a stunning array of features* designed to provide you with an exceptional *user experience* and *superior performance*.

*You will find these features on selected All Purpose, Office and Photo models:

Fast high quality printing
Quality without compromise

Print vibrant, 4" x 6" photos without a PC
Built-in memory card slots and large 2.5" colour LCD

Save paper
Save up to 50% of your paper supply with built-in, automatic two-sided printing

DURABrite® resin coated pigment ink
Durable output – smudge, fade and water resistant prints

Epson iPrint
Print high quality photos with ease using Epson iPrint from your Apple iPhone, iPod or iPod touch**

Individual ink cartridges
Replace only the colour you need. Print more and change cartridges less often with individual ink cartridges

Easy Epson Wi-Fi and networking
Share one printer at home and connect to your wireless network in seconds

Convenient, 30-page Auto Document Feeder
Easily copy, scan and fax multiple documents

Claria® High Definition Ink
Exceptionally smooth gradations, amazing skin tones and grain-free photos

** Epson iPrint available for download from the Apple iTunes store.

Epson inks

Epson has an ink type and capacity to suit your printing needs — from all purpose printing at home, to business documents in the small office and photo printing for professional photographers.

Epson DURABrite® Ultra Ink

Smudge, water and fade resistant documents and photos for home and office users

DURABrite Ultra is ideal for text, graphics, home photo printing and much more. Epson DURABrite Ultra resin coated pigment ink lasts up to 120 years*, is water and smudge resistant and produces ultra sharp detail on plain and specialty papers.

*On Epson Matte Paper Heavyweight. See www.epson.com.au for further details.

Generic inks

Epson Inks

Epson inks are water resistant and highlighter friendly

Epson Claria® Photographic Ink

Ultra high definition photo prints for photo enthusiasts

Epson Claria Photographic ink is the ultimate dye ink designed especially for photo printing. Printed on Epson's range of photo papers, it delivers ultra high definition, colour reproduction, and glossiness, with a durability superior to that of silver halide or lab photos.

Epson UltraChrome® Ink

Outstanding durability and quality for the advanced photographer

Renowned for its superior colour gamut, lightfastness and water-resistance, Epson UltraChrome is a resin coated pigment ink that delivers prints of outstanding durability and quality. Comprised of eight individual ink cartridges, the UltraChrome group of inks consists of three different types: High-Gloss ink, Hi-Gloss2 ink and K3 ink with Vivid Magenta, providing photographers with ultimate choice and unlimited flexibility to produce long lasting prints on a wide range of media.
